Dear Chairman Dodd and Ranking Member Shelby:

I am writing regarding my request for a correction to the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) related to congressionally directed spending items. My request is related to a transit project located in Columbia, SC. The purpose of the project is to strike "South Carolina Department of Transportation Light Rail Study" and replace it with "South Carolina Department of Transportation Corridor Study." This change will provide the South Carolina Department of Transportation with greater flexibility to develop an alternatives analysis for the corridor between Camden and Columbia, SC. Pursuant to Rule XLIV of the Standing Rules of the Senate, I certify that neither my immediate family nor I has a pecuniary interest in the congressionally directed spending items requested.

Should you or your staff have any questions, please do not hesitate to contact me or Andrew King of my staff at (202) 224-1640. Thank you for your attention to this request and for your leadership.

Sincerely,

**EXTEND AND REPROGRAM SAFETEA-LU EARMARK  
MUNICIPALITY OF ANCHORAGE**

**Purpose:** To extend and reprogram a SAFETEA-LU earmark appropriation for a C Street intermodal facility and parking garage in Anchorage, Alaska, to instead allow the funds to be used more generically for Anchorage People Mover Transit Needs. The C Street intermodal facility/parking garage as envisioned cannot be built due to a failure to reach an agreement with GSA for purchase of the property and the \$5 million provided is insufficient in any event. The original SAFETEA-LU earmark expires 09-30-08.

**SECTION \_\_\_\_ . PROJECT MODIFICATION.** – Section 3044(a) of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (P.L. 109-59) is amended in item 422 by striking the project description “C Street Expanded bus facility and intermodal parking garage, Anchorage, AK” and inserting “Anchorage People Mover transit needs, Anchorage, AK.”

**Legislative vehicles:** The reprogramming requires a bill language amendment as drafted above (such as SAFETEA-LU Technical Corrections or FY’09 appropriations bill/statutory language). It might be possible to get the FY’06 obligation extension past 09-30-08 via an FY’09 Appropriations bill committee report. We welcome any thoughts on how to draft the FY’06 obligation extension.
